### **Inetum signs strategic framework agreement with CANUT**

- **Inetum will provide project owner support services to CANUT beneficiaries in the public sector.**
- **Signed for a four-year period, this contract covers the Auvergne-Rhône-Alpes, Centre-Val-de-Loire and Occitanie regions.**
- **Inetum will expand the CANUT catalog to include a range of project owner support services.**

Inetum, European leader in digital services and solutions, and CANUT (*Centrale d'Achats du Numérique et des Télécoms*), announce the signature of a framework agreement. The agreement, signed for four years, will enable Inetum to provide project owner support services to the public sector players currently benefiting from the central purchasing agency. The contract covers the Auvergne-Rhône-Alpes, Centre-Val-de-Loire and Occitanie regions.

**Normann Hodara, CEO Inetum France:** "We are very proud to be able to support CANUT in its role. This framework agreement will enable us to help public sector players with their information systems modernization projects. They will benefit from the expertise and experience that Inetum has been delivering to public sector players for several decades. This partnership is essential for the digital transformation of the public sector, and for the benefit of society as a whole."

**Vincent Deleau, Managing Director of CANUT:** "We are delighted to welcome Inetum as one of our incumbents. Its in-depth knowledge of the public sector and its range of services fit perfectly with our strategy of optimizing and modernizing public services. We have every confidence in the expertise of their teams to support our beneficiaries in their essential digital initiatives."

Through its framework agreements, CANUT simplifies the purchase of hardware, software and services, covering all the IT and telecoms needs of its beneficiaries. The center addresses the technological needs of numerous local authorities, social housing and other public establishments (public educational establishments, administrations, chambers of commerce, joint associations, transport authorities, etc.) at preferential rates.

Under the terms of this framework agreement, Inetum will join CANUT's catalog of offers for project owner support services in the three regions listed. Inetum will be able to provide a wide range of services, including studies (needs, opportunities, feasibility, scope, etc.), project and program management, acceptance testing and change management.
