UP+ SCALE 25
Impulse more value
inetum.

Amplify our strengths, create opportunities, boost potential

1

Activate technological innovations to improve our clients' performance

Complete offers to support their digitalization needs

2

Imagine the solutions of the future

More investments in new-generation solutions (healthcare, smart cities, finance, energy...)

3

Accelerate in new markets

Proximity in Europe, more consolidated expertise in global markets and for small and medium-sized companies

4

Transform our business model

Industrialization and upscaling for greater efficiency
